

2018 SubjuGator Team Bio

SubjuGator is an autonomous underwater vehicle project designed and built by students of the Machine Intelligence Laboratory (MIL) at the University of Florida (UF). The University of Florida has participated in every RoboSub competition since its incarnation in 1998. The SubjuGator team is comprised of undergraduate and graduate students of the Department of Electrical and Computer Engineering, the Department of Mechanical and Aerospace Engineering, and the Department of Computer and Information Science and Engineering.
